## Most Versatile Belgian Malinois Award 2022 ABMC National Specialty

Please complete this form, include all eligible venue types and classes entered, mail or email to be received by April 26, 2022 : Claudia Bailey, Most Versatile Belgian Malinois Award Chairperson, 11700 Occoquan Oaks Lane, Woodbridge, VA 22192. You may also submit this form to me at the National Specialty to at least one hour before the first venue entered to ensure that results are recorded correctly. If you have any questions, please contact Claudia Bailey at Foxleighcb@aol.com or cell- 703-577-1697.

Consult the most updated Point Schedule in the National Premium for point values. The highest point total in each venue will be the points that count. For example, if you earned 4 points for a Q in Open Obedience, and 5 points for a Q in Master Rally, the 5 points from the Master Rally Q is the point total that will count for that venue. The points are not added within a specific venue. But you could add the 5 points from the Rally Master Q to the 5 points you receive for a Pass in Tracking (for a total of 10) because Tracking is a different venue. The five different Venues are listed in the Point Schedule, and dogs must earn points in at least three of the five venues in order to qualify or be eligible for the Most Versatile Malinois Award. Please list classes separately if entered in more than one class in a venue. Yellow highlighted area will be completed by MVM Chairperson.
